TAL GEYSER

THIS IS NOT AN OFFICE ROMANCE!

Ursula sat quietly at her neatly organized desk and watched as the minute hand of the office clock inched its way to 8:30 am, waiting for the bell to ring. She was beginning her second year at the company and has hated 364 of those days.

At 22 years of age, Ursula was desperate to go to college, but when you're from a single-parent, working class family, college tuition money doesn't fall from the sky. She needed a job to earn as much as she could before applying anywhere. As a personal receptionist for a partner at the prestigious law firm, Hanley, Roberts and Hansen (HRH as they were known), Mr. Bruce Roberts, paid her well. She'd been lucky to get the position – but that didn't make it any less tedious – and she only planned to be there a couple years.

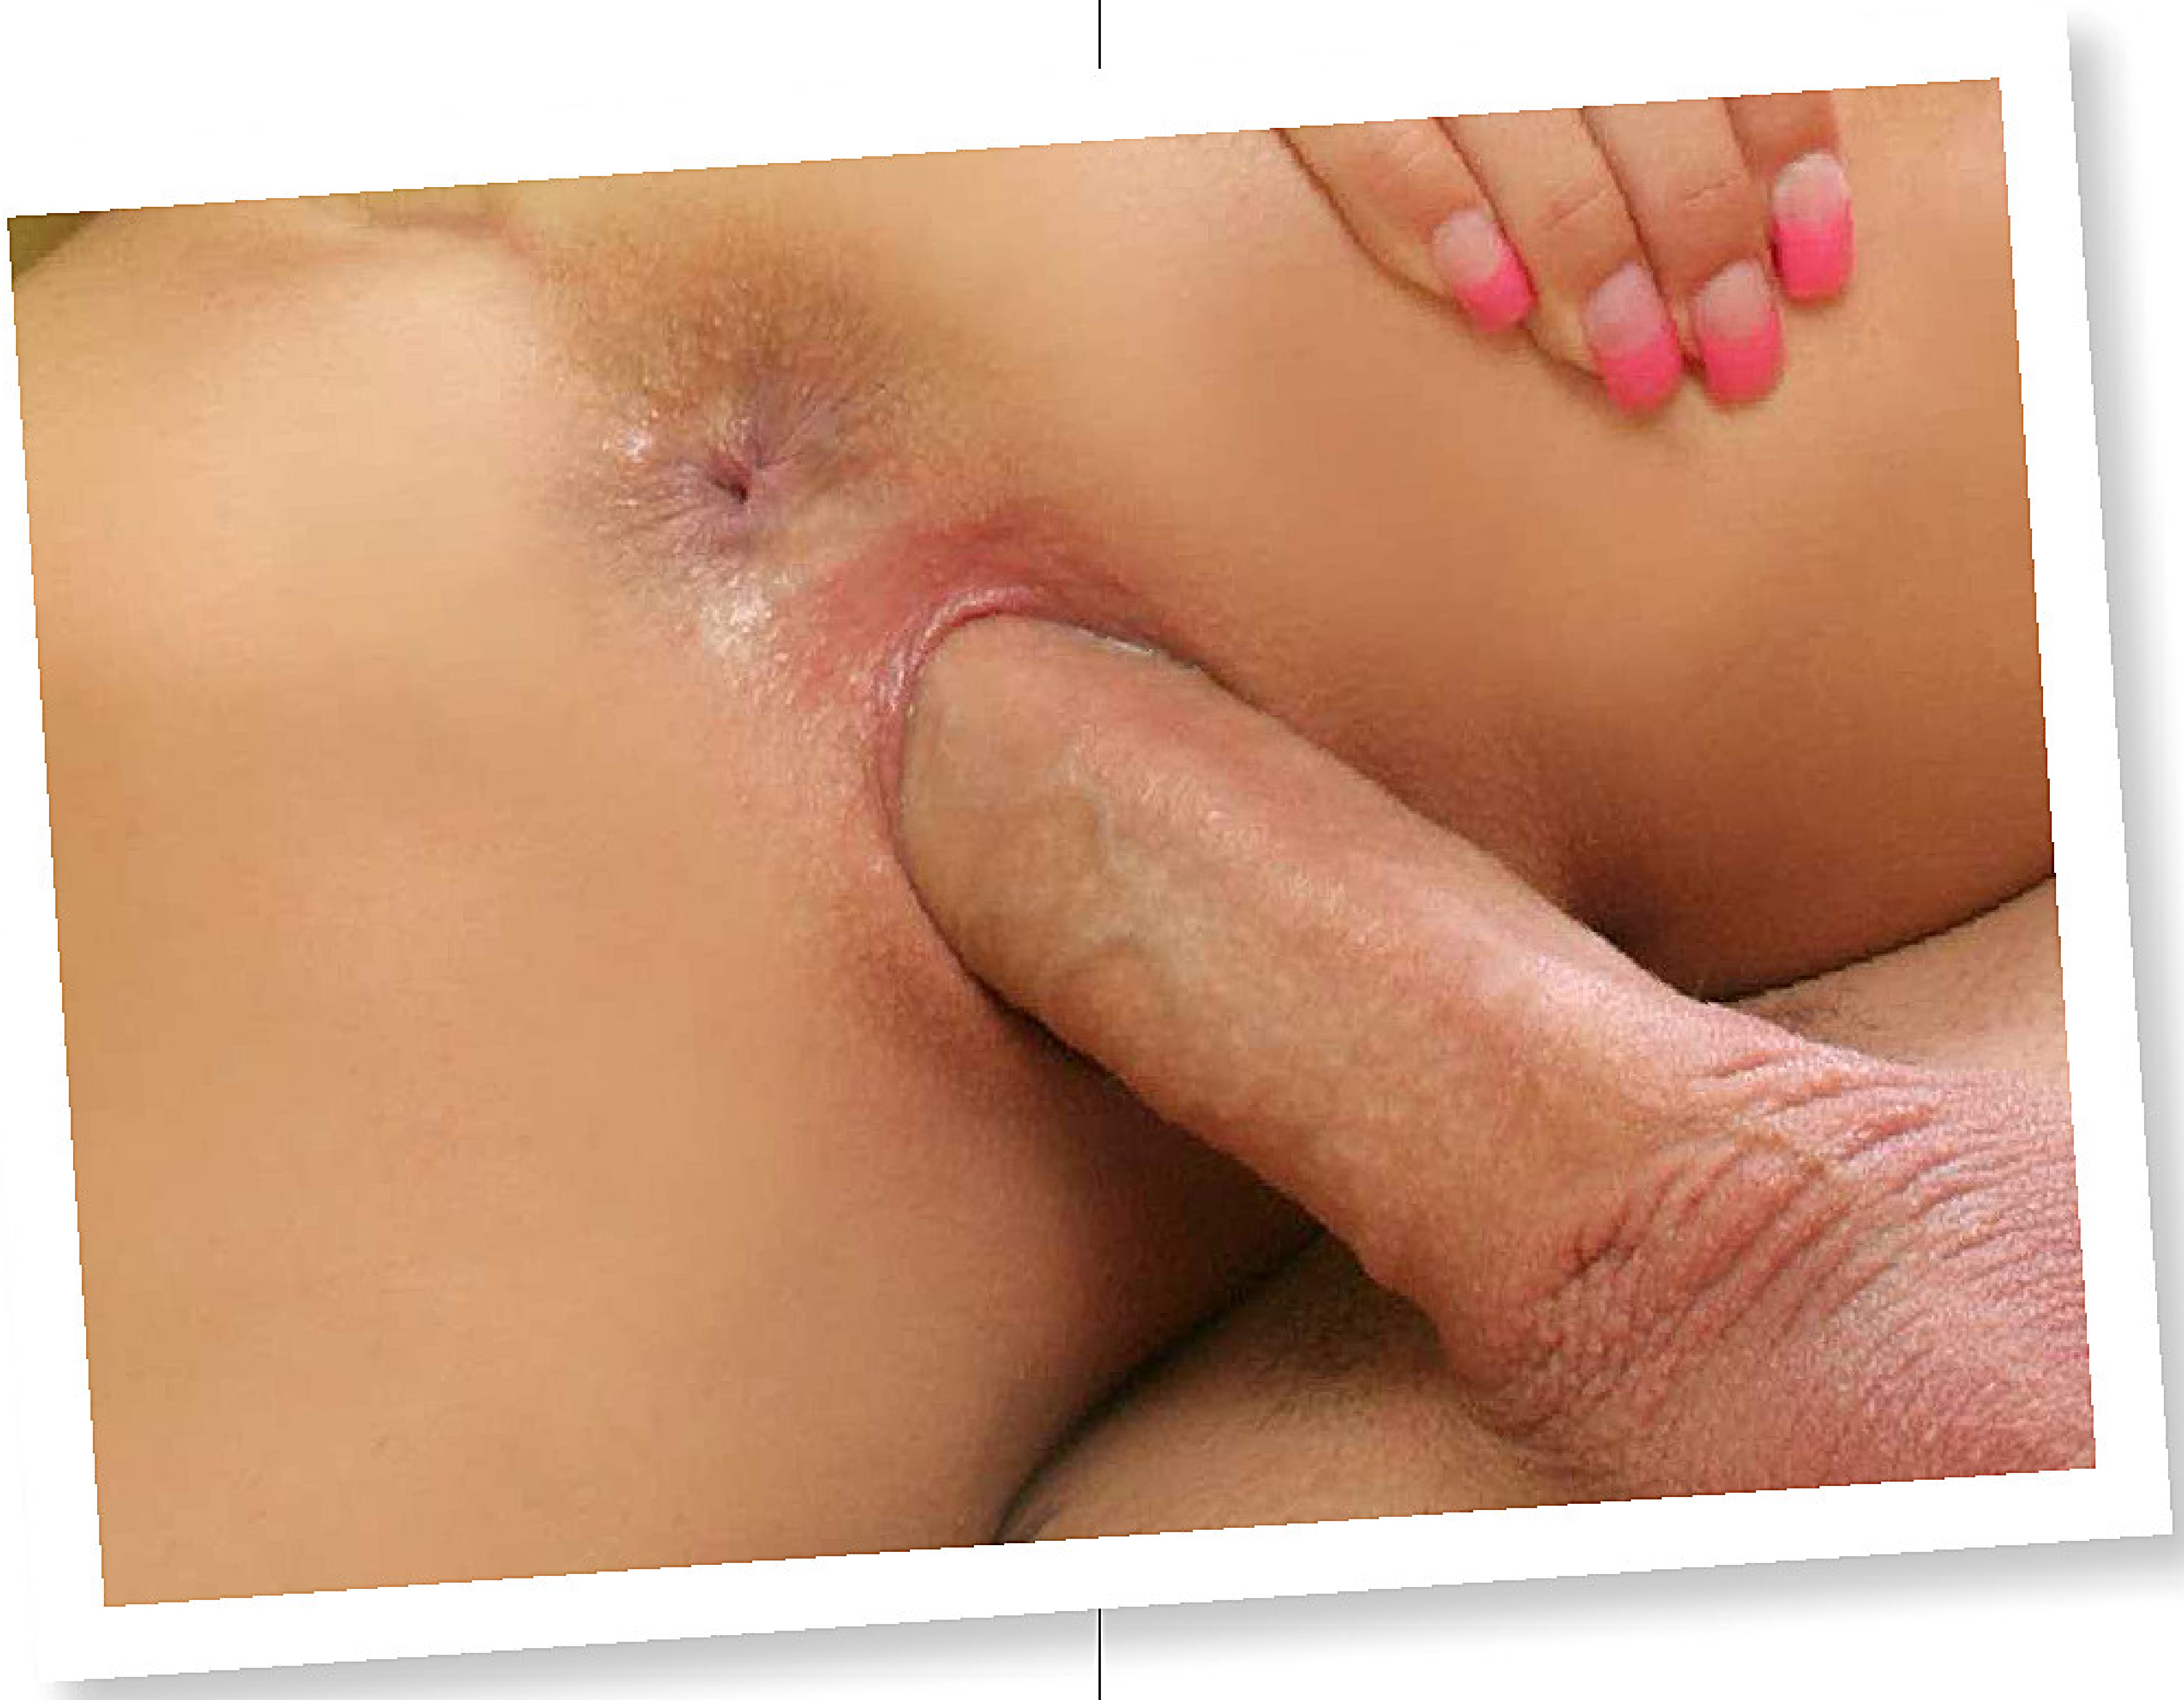
Mr. Roberts' morning started at 7 am so by the time she arrived, he was already running hot. His morning briefing with her started the bell rang at 8:30, and she hated it, and him, too. He treated her like any other piece of furniture, only she had a human name and it had taken him more than six months to learn it.

As was usual, Ursula promptly knocked on his door and let herself in, coffee in one hand and papers and notebooks in the other. She was dressed very conservatively, but that did not hide her beauty and amazing figure, with long legs, a small waist and perfect boobs. She was smart and ambitious and smart, but, like her looks, kept those attributes secreted away until it would be time to go. She knew how to play be the corporate rules and; long ago, decided to keep to herself and her self-respect.

His office was dominated by an ornate antique desk he had found and flew over from France. Roberts was behind it, and hushed Ursula he finished speaking to his wife on the phone. He was in his mid-fifties with lawyer-perfect white hair. Not an unattractive man, his handsomeness, quickly disappeared as he barked orders out like a drill sergeant. His eyes were still a sharp, piercing blue, but she rarely saw them.

Mr. Roberts glanced up at her. "Ursula." He greeted her formally, and stood up to pace the room as usual while she read him the day's schedule. "You have a 10.00 appointment with the board of directors to discuss last month's revenues, and you had scheduled a lunch with your wife at noon. At two, your client Henry Powers will be in to discuss the Bennington lawsuit. At four..."

Ursula stopped speaking as she felt him stop right in front of her. She looked up from the agenda with puzzled eyes and gasped slightly as he extended his arm and felt his hand unbuttoning the top of her blouse. She stood frozen having the top button undone, he ripped his hand down the buttons as they flew across the room and he appraised her wordlessly. Her firm stomach was tight and muscular hovering just below her perfect 22-year-old breasts pressed tightly against a thin white bra. Staring at her like she was a rare animal, he noticed he could see the point of those small, delicate nipples through the material. He stopped and looks her square in the eyes. What did he just do? What is he expecting me to do? A thousand questions ran through her mind, but not a single answer.



“Mr. Roberts…” Ursula whispered. The sentence stopped there. He moved forward, encircling her with his arms and pausing to take in a deep breath from her neck. He pressed into her and she heard the zip at the back of her skirt being undone. As he leaned in, she felt the hard rise of his cock against the side of her thigh and gave a tiny cry of surprise. He pulled away, leaning over to lock the door and when he returned to her, she found that her skirt had fallen around her ankles and, almost instinctively, she had stepped out of her shoes. She wasn’t sure why. It wasn’t something she would do intentionaly

Mr. Roberts stood back and stared at her perfect, quivering body. She wore a pair of white cotton panties to match her bra, and they were so thin he could see the shadow of pubic hair around her pussy. His mouth opened slightly and he gave an incoherent moan of lust.

“In one minute, I’m going to ask you if you would like me to leave you alone. If you say yes, then I will. I’m no rapist, Ursula…but you must wait one minute before you tell me you want to leave. Your job depends on that. Do you understand?” he told her carefully. Ursula nodded meekly and Mr. Roberts stepped forward to unhook her bra. Her breasts bounced as they were set free, and she gasped again as his fingers ran expertly between and around them. By the time he reached her nipples, they had risen into hard, rosy points that tingled and throbbed. Rolling the left breast with one hand, his breath blowing hard in her face, he took her right nipple between two fingers and increased the pressure until he was pinching it hard. Biting down on her lip, Ursula recovered from the pain to discover a mind numbing pleasure she’d never known. Suddenly, she felt a trickle of something warm in her most private parts. Dazed and confused, she just stood there.

Just as suddenly as he started, he stopped. With hurrying hands, he unzipped his own trousers and dropped them to the floor. Seemingly against her will, her face dropped and her eyes widened. His cock rose aggressively from the dark hair that surrounded it, his large balls, flushed pink, disgusting and fascinating her at once. A small bead of moisture already crowned its head, and Ursula offered no resistance when he took her wrist and moved her hand slowly, forcefully, up and down its frightening length.

Reaching for her underwear, he pulled the panties down her thighs, and slipped his fingers between the warm, damp lips of her pussy. He could smell her now – that creamy, musky scent of a woman aroused. As he ran his fingers along the lips, he lips parted. Once he found the clitoris, teasing it cruelly at first, then doing all he could to drive her insane, she let out a cry and her chin fell slightly so it rested on his shoulder. After a few short moments, her entire body shuddered with orgasm and she fell against him – but he wasn’t finished yet.

When his first finger reached up inside her dripping pussy she struggled against him, but a powerful arm was already around her shoulders, clinging her to him. Although she tried to resist, pushing him away with her free arm, her hips were already bucking involuntarily against his hand. Once he slipped in the second finger, still teasing her clit with his thumb, she let out a soft moan and her cum dripped down his arm.

“Your minute’s up,” he murmured, still thrusting with his hand. “You can leave right now, with glowing recommendations, if you like, or if you don’t want my cock inside that pussy with my finger up your tight ass.” He heard her swallow nervously, but before she could reply, he pushed another finger deep into her. “Do you want to go now?” he repeated. “Do you want to get your things and walk out that door? Do you want your morning to end this way?”

Limp and struggling with her emotions, Ursula mumbled quietly and gave a slight nod. She had three fingers inside her now, and she thrust and bucked against them. She spoke between erotic gasps. “I – I – I want you to fuck me…on the floor…I want your cock inside me…hard in my tight, wet little pussy.”

Removing his shirt and tie, he showed her how he wanted her to go down onto the floor on all fours. He parted her firm thighs and glanced at her tight ass before grabbing her by the waist and pulling her onto his cock. He felt her insides pulsating tightly against his cock, one thumb pushed up into her ass. Ursula cried out, but Mr. Roberts kept on thrusting his huge hardness inside her wet pussy. Leaning forwards, lying across her back, he grabbed her breasts hard in his hands, using them to pull himself in and out of her. Her cries of pain quickly evaporated into moans of pleasure, and she was shocked at how much she enjoyed the feeling not only in her pussy, but of his finger in her ass.

She began to buck back against him, her breasts rolling with the motion, her whole body glistening with sweat. Her pucker alive with sensations never felt before. Suddenly, he pulled out of her and she turned to see him lying on his back on the floor, his hairy torso rising and falling with deep breaths. Sensing his anticipation, Ursula, crawls over and takes his vertical cock in her well-manicured hands. She strokes his cock up and down, like she had been doing it for years. She takes both balls in her left hand and squeezes them until he yelps, and then lowers her mouth onto his cock whispering to it as if to apologize for the pinch. Her tongue traces the rim of his penis head and explores the small slit before taking a deep plunge down the shaft until her lips meet his balls.

In quick glances, she sees him scrutinizing her and her techniques, but then he’ll throw his head back and let her continue, unobserved. She obliges by nuzzling his balls and taking each into her cock-scented mouth.

She takes both balls in her left hand and squeezes them until he yelps, and then lowers her mouth onto his cock whispering to it as if to apologize for the pinch.

She sits up and grabs his cock by the base and escorts it back into her pussy. His cock slid easily inside her again and he was surprised at how wet she was. Lying back he stares up at her sculptured body; her perfect breasts swaying and bobbing on her chest.

While she plunged herself up and down, he stretched out one arm and opened the bottom drawer of his desk. As soon as Ursula saw the dildo in his hands, she paused, but here was no time or hesitation or debate. Pulling her down onto him, Mr. Roberts reached around behind her, and as he pulled her down onto his cock, he shoved the dildo into her ass with a single thrust. Her cry muffled by his flesh, she instead bit down on his neck. Enjoying that as well, and with her having lost some of her vigor, Mr. Roberts sat up with her still on him and fucked her harder, pulling out the dildo and shoving it back in. As the movement became faster, Ursula’s gasps and groans became more erotic, and he felt his own cock throbbing on the brink of an intense orgasm.

With her now fucking him back, her breath came out hard on his ear, her nails scratching his shoulders as she arched her back in a magnificent moment of absolute ecstasy. When he came, she rolled off him as he slipped the dildo out of her ass, and rolled on her back on the carpet, legs spread shamelessly as she stared up at him with not so innocent blue eyes.

“When did you say I was having lunch with my wife?” he asks.

“Noon,” Ursula replies.

ORAL INSTRUCTION

One of the questions we get most of here (other than 'Is there a way to help my wife enjoy anal sex?') is 'Are there ways to help my wife enjoy performing oral sex on me?' Needless to say, men love getting head, women do not (with apologies to you women who actually like giving head!) seem to enjoy giving it as much as men want it. For the focus of this article, we won't be discussing women getting head. That'll be for another day – okay?

As far too many relationships that last for more than a few months, women seem to lose interest in giving blow jobs as time goes on. Are they confident that they've 'hooked' their man and he'll stay as on as the frequency of giving head diminishes? Does the familiarity with the partner or the repetitious acts of sex get so mundane that oral sex is no longer in the lady's repertoire? We've sampled a few typical letters from readers about the subject. Please have some empathy for these men.

◆ When my wife and I married five years ago, we had a lot of mutual oral sex between us and she seemed to truly enjoy it. Then, after a little over a year into the marriage, she said that she didn't enjoy giving head anymore although she did, and still does, still enjoy receiving it. We talked about it and she readily admitted that she only led me to believe she enjoyed it because she was afraid I'd leave her. Four years later and I haven't left her, but I do miss receiving head. What's up? What can I/we do?

◆ Hi guys, I'm a man with a high libido and love giving and receiving oral sex. Or that is, I still think I do, because my wife has all but stopped over the last several months and we've only been married a year. She had our baby and now doesn't have time, energy or interest in trying anything new or even a blow job, quick or not. I'm going crazy and I'm thinking of a hooker or cheating to get some.

◆ My lady has stopped fellating me. Not altogether, but it's a constant battle to have her go down on me. She says its the smell and thought that urine and semen come from there. I keep very clean, but she still likes to use that argument, and as for the pee hole, that's the way nature made us. I think there are some deep-rooted problems but she insists there are not. Every other guy can get his cock sucked. Why can't I?

It's a fact that there are many women who are just not comfortable giving oral sex. So let's talk about and address concerns that you have voiced about the subject. If there are no answers for you here, perhaps this will prompt a discussion between the two of you. We've asked four women (obviously the ones closest to this) to discuss our topic openly.

Inadequacy –After ten years of being with my man, I still sometimes wonder if I'm doing a good job. It's common for us to be critical of ourselves. I decided early on in my relationship that if I was going to be with this man for a long time, I needed to rise above my hesitations and least try to learn about giving good oral sex to my husband. Start out slowly; by just kissing and licking his penis. Have him show you how and where he wants and likes it. Ask him where it is most sensitive. If you get uncomfortable and want to stop, then stop, but don't back away. Go back in and take things a little further. You don't necessarily have to take his entire penis into your mouth. Take what your comfortable with. Guys, you need to tell your woman what you like; what feels good; and how you want it. Tell her at the time or make it sweet pillow talk. They both work. Opening up good lines of sexual communication can go a lot farther to enhance your sex life than that earth shattering climax we all hear about. A climax is once (or more for you lucky ones) but good communication is forever.

by Naomi - fellating for ten happy years

Sanitary – I can understand what a turn off it is if you go down on your man and it smells or smells bad. The pubic area is indeed a place where odors multiply quickly, for each sex, and unless you're into the musk of it, then you'll probably be turned off. It isn't uncommon to think that the penis is full of germs, but it's really not. Or at least not the way you may think. It can get sweaty down there and smelly down there and unless it is kept clean, it will accumulate unpleasant odor. We women have the same problems and wouldn't want your man to go down on you after you've been wearing panty-hose all day, or just after your period, or even our own personal female bathroom habits. I truly believe that any two people in a sexual relationship understand the importance of cleanliness and have their own rules and tolerations about keeping it clean down there. Except for the occasional (and usually rare) instance where spontaneous sex is involved, most sexual liaisons are 'planned.' That is not to say that spontaneity is lost, but even then there is an inkling something may happen and the parties are prepared for it. It is the random sex after meeting someone at a bar, or some other type of fling that pubic odors can be unpleasant or a turn off. But if this is your major issue while in a relationship, then it can easily be overcome by a shower! If you are worried that your darling husband isn't getting his stuff squeaky clean down there, then shower with him and offer to help him out! Besides, the shower ranks right up there with the bedroom and the kitchen as one of the best places to have sex. Even better than the bathtub, because the water just sits there.

by Lillie - likes em squeaky clean

Semen – This issue is a relatively easy issue to deal with! Some of women don't want to give oral sex their man because they don't want to have to taste his ejaculate, or like the taste of it. You don't have to taste it, if you don't want to. Suppose you are giving head and he's ready to cum. He knows when he's ready and most women can tell also (assuming he's not going to fake it). If you can't tell when he's getting close, you can always work out a signal between you two for him to let you know that he is getting ready to cum. Have him tell you, have him tap you somewhere, or ask him to pull out before he does. Then he can finish himself, or you can help him cum with your hand(s). Maybe between the two of you, you can figure out more inventive ways for him to cum. If you two work out a signal and it's not honored or ignored, he should realize that could spell trouble. You're trusting him. But if it's unintentional and happens in the throes of passion, have a little compassion for the situation and let it happen without getting vindictive. It is a momentary thing that can easily be washed away.

by Madelaine - who spits rather than swallows

Gagging – If you have a gag reflex then that's something both of you will probably have to work at to overcome it. It's a natural reaction and needs to be dealt with in a manner that is both physical and emotional. It's easy to say that practice will help you overcome gagging, but unless you are really dedicated to taking it all down your throat, you probably won't practice enough to not gag when the time is at hand. You can get coaching from your girlfriends of you are so inclined. You can practice on your favorite fruit or vegetable, or (best of all) practice on your man. I'm sure he will be more than willing to help and will be a willing partner anytime you are so inclined. In addressing the issue of size, well that again is relative. How big is he, how big is your mouth. If a man is over, say, seven inches when fully erect, then he's a mouthful if you are trying to swallow all of him, and it may take time to get it down (pun intended). If it's the girth that's the concern, that can be a real problem because it's a real mouthful and may be difficult to accommodate no matter how committed you are. Please keep in mind that almost all men will be thankful that your sucking their cock. They don't really expect you to deep throat them. They're more than happy to have willie get some oral attention so there's really no need to make an issue of it.

by Serena - who gags no more
